EDUCATION

B.Tech - Artificial Intelligence and Data Science,
Thakur College of Engineering and Technology, **CGPI - 9.71**

May 2020 - Jun 2024 (Expected)
Kandivali, Mumbai, India

EXPERIENCE

Freelancing 
Full Stack Developer

Feb 2023 - Current
Remote

- Developed and deployed an E-Commerce web application for a portfolio of 6500+ Electronic products and an intuitive Admin Panel with real-time data visualization capabilities.
- Application is implemented using ReactJS, NodeJS, ExpressJS, NextJS, MongoDB, and Sass.

ARCON Tech Solutions Pvt Ltd.
Software Developer Intern

Jun 2023 - Aug 2023
Andheri East, Mumbai, India

- Implemented log statements at strategic points in ARCON's solution and designed detailed flowcharts to visually represent complex code modules and algorithms.
- Enhanced code readability and facilitated easier maintenance by debugging the C# code.

PROJECTS

Medicall - AIO Digital Hospital   | ReactJS, Flask, MongoDB, Jitsi

- Built a comprehensive web application that connects patients with suitable doctors for diagnostics under **Solving for India Hackathon'23 hosted by Google, AMD & GFG** and secured a spot in **regionals**.
- Features include appointment scheduling, live video consultations, WhatsApp & email integration, disease prediction, chatbot assistance, and convenient e-pharmacy services along with an e-wallet integrated with Stripe.

SumUp - Summarize Team Meetings  | ReactJS, Django, MongoDB, Whisper

- Developed a web application that simplifies and streamlines summarizing team meetings in just 4-5 minutes under **Mastek's Project Deep Blue Hackathon**, securing a spot in the **Semifinals**.
- Application supports various file formats such as text, audio, and video formats. Developed and integrated a Chrome extension to work with Google Meet to provide live captioning, cloud storage, and highlighter.

TECHNICAL SKILLS

Web Development	HTML, CSS, Javascript, Typescript, ReactJS, NodeJS, NextJS, Sass
Android Development	React Native
Other Languages	Python, C++, SQL, MongoDB
Developer tools	Git, VS Code, PyCharm, Android Studio

ACHIEVEMENTS

- Solved over 1600 DSA problems across various platforms
- Solved 1000+ problems and Knight at Leetcode (2000+ rating) [\[Profile\]](#) 
- 3 star at Codechef (1750+ rating) [\[Profile\]](#) 
- 1500+ coding score at GeeksForGeeks [\[Profile\]](#) 

EXTRACURRICULAR

Mind Benders Club - TCET  
Secretary

Jul 2022 - Jun 2023
Kandivali, Mumbai, India

- Conducted 8 workshops/seminars with over 1K+ participants and 1 Hackathon with 25+ teams.
- The workshops and seminars were based on AI/DS/ML domains.
